SUMMARY

I am a B.E. student in Computer Science & Engineering graduating in 2027, with hands-on experience in web development and UI/UX design. Proficient in Java, Python, SQL, HTML, CSS, and JavaScript. I have developed real-world projects that demonstrate my ability to create user-friendly applications. I am seeking an entry-level internship where I can contribute to innovative IT solutions while continuing to build my technical skills.

EDUCATION

B.E. in Computer Science & Engineering
University College of Engineering Kancheepuram
08/2023 - 05/2027 Kancheepuram, India
