EDUCATION

•Bachelor of Engineering in Computer Science and Engineering

2023-27

University College of Engineering, Kancheepuram

CGPA: 8.23

•Higher Secondary Course

2021-23

Sri Sankara Higher Secondary School, Odugathur

Percentage: 81.55

PERSONAL PROJECTS

•AI-Based Succession Planning Leadership Development System

A web-based intelligent talent management platform, implemented using a full-stack architecture.

- Developed an AI-powered talent management platform for succession planning and leadership development.
- Built role-based dashboards (Employee, Manager, Admin) with features like 9-box grid, IDP tracking, and career path visualization.
- Technology Used: React, TypeScript, Node.js, and PostgreSQL following Clean Architecture principles.

•SMTP Protocol Mailer

A secure email delivery system leveraging SMTP protocol and encryption standards.

- Developed a Python-based mailer using SMTP with TLS encryption and authenticated login.
- Implemented MIME multipart messages and RFC-compliant headers for reliable email delivery.
- Designed rate-limiting and error handling mechanisms to prevent server blocking.
- Technology Used: Python, Flask, SMTP Protocol.

EXPERIENCE

•Data Analytics Intern

Dec - Jan 2026

Hyundai Motor Company

offline

- Performed data preprocessing and analysis on large datasets using Python.
- Created data visualizations to extract actionable insights for business decision-making.
- Improved data quality and efficiency through cleaning and transformation techniques.
- Performed data preprocessing and analysis using Python (Pandas, NumPy).

TECHNICAL SKILLS AND INTERESTS

Languages: C/C++, Python

Libraries : Requests

Web Dev Tools: Flask, VScode, Git, Github, REST APIs

Frameworks: ReactJs

Cloud/Databases: MongoDB, Relational Database(mysql)

Relevant Coursework: Data Structures & Algorithms, Operating Systems, Object Oriented Programming, Database Management System, Software Engineering.

Areas of Interest: Web Design and Development.

Soft Skills: Problem Solving, Self-learning, Presentation, Adaptability, Communication, Team Collaboration

ADDITIONAL INFORMATION

Languages: English (Work Professional Proficiency) , Tamil (Native)

Certifications: Google – Professional Machine Learning Engineer, Infosys – Big Data 101, IBM – Customer Engagement, Process Control

Awards: Smart India Hackathon (SIH) 2025 – Software Edition, Awarded by the Hon'ble Vice Chairman of AICTE for developing an innovative solution

Activities: Solved 125+ problems on LeetCode, focusing on Data Structures, Algorithms, and problem-solving, Practiced design-based problems including system design and object-oriented design concepts
